EDGE MEDIA ARTIST CANVAS

**Product Description**

This 380 gsm, poly cotton matte canvas is formulated for use with the latest generation of solvent, UV and latex ink jet printers. The high-quality blended base is matched to a matte water-resistant coating that provides a wide color gamut and durable photo quality images, perfect for creating high-end POP banners, posters, décor art and trade show graphics.

With high dimensional stability, the coating will not crack and the canvas will maintain tension over frames under a wide range of environmental conditions. The matte finish provides low glare even with direct lighting, plus smudge resistant handling. Easy viewing at all angles under most lighting conditions. Print long lasting art reproductions and commercial canvas prints that can last for generations.
